Monday Nite Car Club
George Griffin

Dear George,

Thank you very much for supporting the Alpine Mountain Empire Chamber of Commerce and the Mountain Empire Unified School District Education Essay Contest Winners Dinner on June 04, 2015. Your generous sponsorship was wonderful and it helped make the event a success.

Because of the support and generosity of the businesses, the Mountain Empire Unified School District K-8 students participated in their first Education Essay Contest and there were 96 winners and over 350 attendees for the dinner. Each student winner received a goody bag filled with items from many businesses and certificates from the Chamber, the school and the local Elected Representatives offices.

There is no other Chamber in the San Diego County that has donated as much directly to the schools in their communities. Therefore, we are very proud of our programs for our schools and extremely thankful for your continuing support.

Sincerely,

Kelly Weiss
